

Cable USB Lightning Green Cell GCmatte, 25cm, for iPhone, iP

Ref: 5903317224938

Cable USB Lightning Green Cell GCmatte, 25cm, for iPhone, iP

USB/Lightning cable Green Cell GCmatte

The USB/Lightning GCmatte cable by Green Cell enables fast charging and data transfer. It is compatible with Apple devices that have a Lightning port. It has a length of 25 cm, making it ideal for use with a powerbank. It is distinguished by its robust workmanship and resistance to mechanical damage.

Fast-charging technology

Waiting a long time for your devices to be charged and ready for use is a thing of the past. The GCmatte cable supports Apple's 2.4A fast charging technology, which saves you as much as an hour in energy renewal.

Data transfer

The Green Cell cable also provides data transfer at 480 Mbps. This makes 5 seconds enough to transfer up to 100 music tracks. Don't waste any more time waiting!

Clever design

The product is made of flexible TPE material, making it significantly more resistant to mechanical damage. The low resistance wires ensure the fastest possible charging and data transfer. In addition, the ends have been additionally reinforced to prevent accidental

damage.

Wide compatibility

The cable is compatible with Apple devices equipped with a Lightning port. It can be used to charge your iPhone 11, 12, 13 Pro Max, Pro, Max, Mini, XS Max, XS, X or SE, among others.
