

Orico 2,5" external HDD enclosure, USB 3.0

Orico 2,5" external HDD enclosure, USB 3.0

Ref: 6941788874572

Orico HDD 2.5" USB 3.0 external drive enclosure

Orico's external drive enclosure combines durable construction with convenience of use. Made of high-quality PC material, it provides shock protection and smooth data reading. Simple installation, stable USB3.0-B interface and efficient controller guarantee time saving and convenient operation. Wide compatibility with 2.5-inch HDDs and the ability to connect to various devices make the Orico enclosure an ideal solution for those who value comfort and reliability.

Thoughtful design

The Orico external drive enclosure has been carefully designed, combining high quality materials with functionality. Made of high-quality PC material, the case has good flexibility and greater transparency, which not only provides better shock protection, but also makes it more durable. The internal accurate connection is another advantage of this design - the tight workmanship and tight connection guarantee smooth data reading without obstruction and better protection of the data stored on the drive.

Comfort of use

The Orico drive's external enclosure is designed for ease and convenience of use. The drive is assembled without the use of tools, making the process simple and fast. The enclosure is equipped with a stable USB3.0-B interface, which allows fast and reliable connection to a computer or other device. The powerful controller ensures smooth operation and data transfer, which translates into

time-saving and convenient work.

Wide compatibility

The enclosure is compatible with 2.5-inch HDD, so you can use it with a wide range of hard drives. What's more, you can easily connect it to your TV for watching HD movies or TV series. You can also connect it to a PS 4 console to play games freely or to a Mi router 3 to download movies. With all these features, the Orico outdoor case guarantees top-notch comfort.
