Princess PRO Multi Sandwich Grill

The Princess Pro Multi Sandwich Grill was created for people who appreciate speed and convenience in preparing toast, sandwiches, waffles and toast. The device works with 700 watts of power and offers several plates for preparing a variety of meals. A cord storage compartment allows for convenient cord storage, and non-slip feet provide stability.

A delicious breakfast in no time

If you lead a busy lifestyle and don't have much time to prepare meals, the Princess brand sandwich grill will be a great choice for you! The device is distinguished by its 700 W power, so you can prepare delicious and filling hot sandwiches in a few minutes without the need for a stove or oven.

For your convenience

Interchangeable plates will allow you to quickly prepare toast and waffles, among other things. Non-slip feet guarantee stability, and you will be informed when toasting is complete thanks to the indicator light. Cleaning the device will not cause you any trouble. Bet on convenience and functionality with Princess!
