

Cable USB-C do USB-C Remax Lesu Pro, 1m, 100W (black)

Ref: 6954851243328

Cable USB-C do USB-C Remax Lesu Pro, 1m, 100W (black)

Remax Lesu Pro USB-C to USB-C cable, 1m, 100W (black)

The Remax Lesu Pro is a high-quality cable designed for fast charging and data transfer. It supports the PD standard and provides up to 100W of power. It also allows you to transfer files at speeds of up to 480 Mbps. The cable is 1 m long, so you can use your devices comfortably while charging.

Fast and secure charging - hassle-free file transfer

The cable has a built-in smart chip and supports the PD standard, so you can charge your devices quickly without worrying about the condition of their batteries. Now you can charge your phone in no time without risking damage! What's more, data transmission speeds of up to 480 Mbps improve file copying. This means that the Lesu Pro cable will also be ideal for those who frequently transfer videos or graphics!

Durable cable - long service life

The special moulded braid protects the cable from abrasion and twisting, while the TPE material ensures flexibility and comfort in use. This makes the product resistant to wear and tear and can serve you well for a long time! The Remax Lesu Pro is the perfect solution for those who place a premium on quality workmanship.
