Cable USB-C USB-C Remax Ledy, RC-022, (white)

Enjoy fast charging of your devices and transfer files in no time. The Remax Ledy cable provides up to 65W of power and transmission speeds of up to 480 Mbps. It's also highly durable and damage-resistant, yet compact at only 30cm long. As a result, it doesn't take up much space and is easy to transport - it can easily fit into a handbag or backpack.

Charges with up to 65 W of power

With a maximum power of 65 W, the cable allows you to quickly charge your mobile devices such as smartphones, tablets and laptops. You no longer have to wait too long for them to be ready to use! However, that's not all. The intelligent chip and reinforced cable are responsible for stable yet safe charging - don't worry about damaging your devices.

Fast file transfer

Do you often copy files between devices? The Ledy cable will come in handy for this too! It offers transmission speeds of up to 480 Mbps, so you can transfer all the photos, videos or documents you need in the blink of an eye. No more long waits! It now only takes around 1 minute to copy 2 GB of files.
