Remax Ladon USB-C to USB-C cable, USB2.0 RC-C035, 1m, 240W, (black)

Are you looking for a universal cable that will allow you to charge your devices and transfer data quickly? With the Remax cable it will be possible! What's more, it is equipped with a special chip that guarantees stable and safe charging of your devices. Made of high-quality materials, it will serve you for a very long time.

Fast charging and data transfer

The Remax cable will provide you with fast charging, thanks to its 240W power. This makes it capable of charging your MateBook14 to 100% in as little as 1 hour. Not only does it charge quickly, but it can also transfer data at speeds as fast as 480 Mbps. This means that 1 GB of data can be transferred in just 30 seconds! With Remax, you don't have to limit yourself anymore!

Comfort of use

The USB cable offers convenience and ease of use thanks to plug-and-play technology, which allows you to use the cable immediately after plugging it in. Its length of 1 meter provides freedom when working and charging devices. In addition, the cable is compatible with various operating systems such as Windows, macOS, HarmonyOS and Android, making it a versatile and practical solution for any user.

Safety Guarantee

The Remax USB cable is equipped with an E-Mark chip, which guarantees stable and safe charging of your devices. As a result, you can be sure that the cable protects your equipment during use. In addition, the aluminum alloy coating on both ends of the cable ensures high quality and wear resistance. Thus, the cable guarantees not only safety, but also long-lasting durability.
