

Wireless Bluetooth Speaker W-KING T9II 60W (black)

Ref: 6958917500653

Wireless Bluetooth Speaker W-KING T9II 60W (black)

W-KING T9II 60W Bluetooth Wireless Speaker (black)

The W-KING T9II wireless speaker impresses with great sound quality thanks to its 102mm drivers and bass reflex port. You can connect it with a second speaker, and Bluetooth 5.0 is responsible for fast and stable signal transmission. It also offers a recording function. Additional ports allow you to connect other devices, and a long-lasting battery ensures long operating time. In addition, you will find a microphone included.

Bluetooth 5.0

Enjoy your favorite music without interference. The speaker works wirelessly and connects to a compatible device via Bluetooth version 5.0. This provides a stable signal of up to 10 m. What's more, you can connect 2 W-KING T9II speakers for even better audio effects.

Several useful ports

In addition to Bluetooth, the speaker offers several ports with which you can connect an external device to it. USB, 3.5mm audio and a TF card slot are available - the choice is yours!

Richly detailed sound

The speaker will let you immerse yourself in the music. The bass reflex port emphasizes low tones, and the thoughtful design translates

into crystal clear sound with a wealth of detail. Whether you're listening to music, watching a movie or participating in karaoke, the W-KING T9II will give you an exceptional listening experience.

Long runtime

Listen to music and don't worry about a suddenly discharged W-KING T9II. The speaker is equipped with a 10,000 mAh battery, which provides up to 8 h of playback on a single charge (at 50% volume). You'll find a USB-C cable included to renew your device's power.

RGB backlighting

Take care of the right atmosphere when you're out with friends or doing karaoke. The speaker is equipped with RGB backlighting that you can adjust according to your needs. With the W-KING T9II you are ready for any party.

Take your favorite music with you

Garden, pool, camping - the W-KING T9II will find itself in almost any situation. The speaker is lightweight and handy, and the dedicated handle makes it easy to carry. You will successfully take it to the place of your choice. What's more, it was created from damage-resistant and water-resistant materials - you can use it without worrying about splashing.

A microphone included

Set up karaoke in your home! The set includes a wireless microphone, which stand out for its reliable connection and provide crystal clear sound. A small screen will provide you with information regarding frequency, channel and battery level and range, while a button and sliders allow you to turn the device on/off or adjust the volume.
