

## Wireless Bluetooth Speaker W-KING K6L 120W (brown)

Wireless Bluetooth Speaker W-KING K6L 120W (brown)

Ref: 6958917500295

### W-KING K6L 120W Wireless Speaker (Brown)

Get yourself excellent sound quality with the W-KING K6L wireless speaker. It stands out with a power of up to 120W and offers clean, natural, and detailed sound. You can play music in various ways, including via Bluetooth 5.0 or from a TF card. You also have special knobs available to adjust volume, bass, and more. The speaker also boasts a long battery life and IPX6 waterproof rating. The package includes 2 wireless microphones and a remote control.

### Outstanding Sound Quality

The K6L speaker meets the expectations of even the most demanding users. It features a 6-inch subwoofer, 2 high-frequency drivers (30mm), and 2 4-inch mid-range drivers. It also boasts an impressive 120W of power. All of this translates into fantastic sound quality, perfect harmony, and incredible detail richness. With W-KING, you'll rediscover the magic of music!

### Wireless Operation

Get rid of cables and gain more freedom. The K6L speaker operates wirelessly, allowing you to comfortably use it anywhere, whether in the garden, on the beach, or in the park. Furthermore, the device is equipped with an efficient 22500mAh battery, providing a runtime of 6-12 hours. Don't worry about it running out of power too quickly! Charging the speaker takes about 5 hours.

### Various Connection Options

Play music the way you want. The K6L model supports TF cards and USB drives, and it allows you to connect selected devices (such as a laptop or phone) using an AUX cable. Prefer wireless solutions? No problem—simply connect to the speaker via Bluetooth 5.0. Enjoy reliable transmission with a range of up to 10 meters and experience the freedom you desire!

### Full Sound Control

Have everything under control. The K6L speaker offers various EQ modes to choose from and has several knobs for adjusting volume, bass, and other parameters—you can tailor the sound to your preferences. The device also allows you to connect a guitar and offers audio monitoring through headphones. This is an excellent solution if you want to record a song or perform in front of an audience!

### Enhanced Design

The speaker stands out with its elegant, classic design, which will surely appeal to retro style enthusiasts. It is also characterized by a durable construction, resistance to damage, and IPX6 waterproof rating. You can use it indoors and outdoors without worrying about accidental splashes or rain. Furthermore, the speaker comes with a special shoulder strap for easy portability.

### 2 Microphones Included

Planning a karaoke party? Enjoy singing with friends? Or perhaps you perform in front of an audience? The K6L model is also useful for this! The package includes 2 wireless microphones that you can pair with the speaker. Play your chosen backing track, have a friend play the guitar, prepare for your performance, and showcase your vocal skills!
