Choetech B658 solar powerbank 2x USB 10000mAh Qi 5W (black and orange)

With Choetech Powerbank you will charge your devices quickly and safely! It is equipped with up to 2 USB outputs, so you can charge multiple devices simultaneously. It is distinguished by its high capacity of as much as 10000 mAh. What's more, you can easily charge it with built-in solar panels or with a USB cable.

### Exceptional capacity

What distinguishes the Choetech powerbank is its much capacity reaching as much as 10000 mAh. What's more, it's equipped with a USB-C input and 2 USB outputs, allowing you to charge several devices simultaneously. All this makes this powerbank ideal for emergency situations.

### 2 ways to charge

You can easily charge the Choetech powerbank with a USB cable. However, it has been equipped with solar panels, so it can also recover a full battery in no time. All you have to do is place it in direct sunlight. You don't need to set up or configure anything else, which makes charging it trivial!

### Comfort of use

Choetech is not only a functional device, but also a guaranteed comfort of use. It stands out for its high compatibility with various devices including iPhone, Huawei and Samsung. It is also very lightweight, and what's more, you can easily attach it to your backpack or bag using the Velcro cord included in the kit.

#### Additional flashlight

The powerbank is equipped with a flashlight to illuminate your space during night hikes or camping trips. It has the ability to change modes for even more convenience. The Flashlight mode will come in handy during night hikes, while the Soft light mode is perfect for illuminating your tent. SOS mode and Strobe mode are also at your disposal.
