Remax Retor 9in1 Hub (gray)

Expand the possibilities of your equipment and bet on a practical proposal from Remax. The Retor 9-in-1 Hub is a stylish and functional gadget that allows you to easily connect different devices. Whether you want to transfer files, watch movies on the big screen or charge your devices, this hub will provide you with everything you need! The product offers 3 USB-A 3.0 ports, a USB-C port, Ethernet, HDMI, a 3.5mm headphone jack and an SD and TF card reader.

High quality video and audio

The Retor Hub offers an HDMI port that allows you to display 4K resolution video on the big screen. Organizing a movie night will no longer be a challenge! What's more, the 3.5mm headphone jack allows you to listen to music in the highest quality, and thanks to the Ethernet port, the hub provides a stable connection to the Internet. As a result, it will be perfect for business trips.

Convenient power renewal and file transfer

Quickly renew the energy of your devices! The Remax Retor hub features a USB-C port that supports the PD fast charging standard with 100W of power. This allows you to charge compatible devices in no time. Have the product with you at all times and don't let your phone discharge at an inopportune moment. What's more, the hub provides an SD and TF card reader, and three USB-A 3.0 ports for fast file transfer. Now you can easily transfer photos and videos!

Convenience of use

The product is made of high-quality materials, such as aluminum alloy, so it not only looks elegant, but also provides efficient heat distribution. In addition, the operation of the hub is very simple and intuitive thanks to the plug and play function, which allows you to use the device immediately without installing additional drivers. Enjoy the capabilities of the Remax Retor without having to deal with complicated configuration processes.
