Blitzwolf BW-WA2 Lite 12W Bluetooth speaker (black)

Blitzwolf BW-WA2 Lite 12W Bluetooth Speaker (black)

Enjoy your favourite music wherever you are. The Blitzwolf BW-WA2 Lite speaker features a maximum power output of 12 watts and guarantees fantastic sound quality. High-quality materials have been used to make it highly durable, and the powerful battery allows up to 12 hours of use on a single charge. You can easily connect it to the device of your choice in 3 ways.

Stunning sound quality

The Blitzwolf speaker will provide you with high-quality sound rich in bass tones. In addition, two passive diaphragms on the sides enable even better bass reproduction. Want to get even better results? With the TWS function, you can connect two speakers together and create your own wireless stereo.

Long runtime

No longer do you have to worry about your speaker unexpectedly running out of power during a garden party with friends or a picnic on the beach! The accessory has a built-in 2,000 mAh battery which allows you to play music for up to 12 hours on a single charge. In addition, you can also use the speaker as a powerbank if required. Charging the speaker will take around 3-4 hours, and the USB cable you will find in the kit will make this task easier for you.

Well thought-out design

The BW-WA2 Lite is a device that not only impresses with its excellent sound quality, but also with its modern, minimalist design. Thanks to its compact design, you can fit the speaker in your backpack or bag and take it with you on holiday! It also stands out with its IP66 water resistance, so that even raindrops do not scare it. It also has a special hole for a lanyard, making it even more convenient to carry.

Various connection possibilities

Use the speaker as you are comfortable! The device has a built-in AUX and USB-A port, so you can easily connect your smartphone or tablet to it. Don't want to be limited by cables? Take advantage of Bluetooth 5.0, which provides a fast and stable connection to the device of your choice!
