

## Curling Iron LS D014P Lisiproof LS-D014P

Curling Iron LS D014P Lisiproof LS-D014P

Ref: 6976234540015

### Lisiproof Curling Iron LS-D014P

Create unique hairstyles with the Lisiproof LS-D014P curling iron. With its help you can create the curls of your dreams. Thanks to its PTC rapid heating system, it can easily handle even unruly hair. It offers 5 levels of temperature control in the range of 110-210°C, and thanks to the use of negative ions your hair will be healthy and shiny. Its handling will not be a problem for you, and its well-thought-out design will ensure your comfort during use.

### Healthy and beautiful hair

The curling iron uses up to 50 million negative ions to help you reduce frizz and static. What's more, negative ions close the hair's cuticle and retain moisture, which prevents dryness and hair breakage. All this means you can enjoy shiny, healthy and soft hair for a long time!

### For every hair type

The LS-D014P was created with different user needs in mind. The device allows you to adjust the temperature in 6 stages, so you can perfectly adapt its performance to your hair type. It will work great for thin and thick hair, as well as colored, natural and dry hair. You can easily change the mode with a special dial, and the built-in display will inform you about the selected temperature.

### Thoughtful design

Now you can easily take the curling iron with you on vacation and create stunning hairstyles wherever you want! Thanks to the compact design of the device, you can easily stow it in your backpack or suitcase. The cable rotates 360°, which will increase your freedom of movement. You also don't have to worry about forgetting to turn off the curling iron - it will automatically turn off after 60 minutes!
