Lisiproof LS-S001P hair straightener.

Flaunt a beautiful hairstyle no matter where you are! The Lisiproof LS-S001P hair straightener allows you not only to straighten your hair, but also to curl it, without worrying about damage. With a wide temperature control range from 130°C to 230°C, you can easily adjust the settings to your hair type. It is equipped with a PTC heater, which guarantees fast heating. Operating the straightener will not be a hassle for you, and the compact design makes it easy to store and transport.

### Adjustable temperature

The straightener is designed with different hair types in mind. It lets you choose from a wide range of temperature settings - 130°C, 150°C, 170°C, 190°C, 210°C and 230°C. Whether you have thin, fine hair, dry and colored hair or thick and curly hair, now you can precisely adjust the temperature to suit your needs. What's more, the selected values will be displayed on the built-in display.

### Fast heating

No more wasting time waiting for the straightener to be ready for use! The LS-S001P uses an advanced PTC heating system that not only ensures fast and even heating, but also protects your hair. Thanks to this innovative solution, the device reaches the optimal temperature in a short period of time, allowing you to quickly achieve perfectly smooth and beautifully styled hair, without the risk of overheating or damage. You also don't have to worry about forgetting to turn off the straightener - it will automatically turn off after 60

minutes!

Style and functionality in one

The straightener is the perfect combination of style and functionality. The modern metallic design makes the device look extremely elegant. Thanks to its lightweight and compact design, you can comfortably maneuver it while styling without feeling hand fatigue. What's more, you can easily fit the straightener into your bag or suitcase and take it with you on vacation or on a business trip! The 2.4-meter swivel cord will give you even more freedom of movement when styling your hair.
