Air Fryer LEACCO AF016

Enjoy delicious and healthy meals with Leacco's Air Fryer AF016! Thanks to its advanced 360° hot air circulation system, your food will always be evenly cooked. It offers up to 16 cooking modes, giving you unlimited possibilities for culinary experiments. The specially designed design with a large window and touch panel will make it even easier to use. It also stands out with its 14-liter capacity, so you can easily prepare a dish for the whole family or invited guests!

Tasty and low-calorie meals in a few moments

Healthy cooking has never been easier! The Air Fryer uses an advanced 360° hot air circulation system that will ensure your food is evenly cooked on all sides. This will help you achieve the perfect crispness on the outside, while keeping the juiciness and flavor inside. The device also allows you to adjust the cooking time and temperature in a wide range from 40°C to 200°C, giving you full control over the food preparation process. With the Leacco Air Fryer, every meal will become a true feast for the palate.

16 cooking modes for unlimited creativity

Get even more options with the Air Fryer! The AF016 lets you choose from up to 16 cooking modes. Whether you want to bake, fry, grill or even dry fruits or defrost meat, the Leacco Air Fryer has everything you need. So you can quickly and conveniently bake a cake, juicy chicken, crispy fries, delicious pizza or prepare popcorn - all in one appliance. In addition, the device offers a keep-warm mode, which will

allow you to serve dishes always at the right temperature.

Thoughtful design - simple operation

The Air Fryer will impress you not only with its functionality, but also with its carefully thought-out design. It is equipped with a large window that will allow you to monitor the cooking process without having to open the lid. Its capacity is as much as 14 liters - so you don't have to worry about lack of space or the need to cook in batches - the Air Fryer will hold everything you need. The built-in display will make it easier for you to use the device. With its help you can easily adjust the time or temperature, as well as change the cooking mode. You will also keep it clean without any problems.
