Wall charger Acefast A45, 2x USB-C, 1xUSB-A, 65W PD (purple)

Acefast A45 mains charger, 2x USB-C, 1xUSB-A, 65W PD (purple)

Looking for a charger that allows you to instantly charge multiple devices at the same time? The Acefast A45 mains charger will be the perfect choice! It offers up to 65W of charging power and supports multiple fast charging standards. It also uses advanced GaN3 technology. It has up to 3 USB ports - 2x USB-C and USB-A, and the multi-level protection guarantees safe use. The lightweight and portable design combined with the transparent design will delight many users.

Fast and efficient charging

No longer do you have to wait indefinitely for your smartphone to be ready for use again! The charger allows charging with up to 65W of power. It also supports many fast charging standards, such as PD3.0, QC4.0+ or AFC. As a result, charging your phone will only take a few moments! What's more, the charger also uses innovative GaN3 technology, which is responsible for higher efficiency, among other things.

One charger for all your devices

Now you only need one charger to charge multiple devices! The Acefast charger is characterised by its wide compatibility, so you can use it to recharge a wide range of devices. You can use it to charge your Apple, Huawei or Samsung smartphones. It can also be used to power wireless headphones, tablets and even laptops! In addition, it is equipped with 3 USB ports, so you can charge several devices at

the same time.

Reliable protection

Worried about damaging your device while charging? Don't be! Multi-level protection ensures the highest level of safety. The charger effectively protects against overcurrent, overvoltage, overcharging, short-circuits or electromagnetic fields, among others. Intelligent temperature control technology prevents the device from overheating.

Take it with you everywhere

The lightweight and compact design of the charger means you can always have it at hand! You can easily stow it in your backpack, bag or even pocket and take it with you wherever you go. The charger impresses not only with its instant and safe charging, but also with its unusual design. The transparent, colourful design is sure to attract the attention of many users.
