Cable USB to Lightning Acefast C3-02, MFi, 2.4A 1.2m (blac

Cable USB to Lightning Acefast C3-02 1.2m (Black)

The safety of your devices is our priority! The Acefast cable designed for fast charging devices supports a current of 2.4A, allowing for a full charge of the iPhone 13 Pro in just 2 hours. The cable has been marked with a series of certifications confirming its safety, including MFi, which guarantees compliance with Apple's standards. The product stands out with its wide compatibility with devices and power sources. All of this ensures that you can charge your devices without worrying about overheating, overcharging, short-circuiting, or power surges. The cable features a sturdy construction, making it resistant to bending, pulling, and tangling, ensuring its durability over time. With its help, you can also transfer data at a speed of 480 Mbps.
