Cable USB-C to Lightning Acefast C2-01, 30W, MFi, 1.2m (bla

Kabel USB-C do Lightning Acefast C2-01 1.2m (czarny)

Are you looking for a reliable cable that allows you to safely charge your devices and quickly transfer data? Acefast is the trusted solution! With USB-C to Lightning connectors, it offers compatibility with Apple devices. It supports a maximum current of 2.4A, with a power output of up to 30W. The built-in chip adjusts the current for individual devices, protecting them from overcharging and power surges. The cable is made from high-quality materials, ensuring resistance to extreme temperatures, pulling, tangling, and more. It comes in an elegant black color and has a length of 1.2 meters. Now you can conveniently and safely charge all your devices.

Fast and Safe Charging

The cable is designed for fast charging, supporting a maximum current of 3A. This significantly reduces charging time. The product has obtained various certifications confirming its safety, including MFi certification, which guarantees compatibility with Apple's standards. With high-quality construction and the use of an original Apple chip, it ensures safe charging for iPhones and other devices. The product also supports data transfer at a speed of 480 Mbps, allowing you to quickly transfer files, such as from your phone to your laptop.

Durable Construction

The cable is made from silicone, which is not only environmentally friendly but also provides a pleasant touch. Its flexible structure prevents tangling and makes it resistant to pulling and bending. The connectors are made from high-quality zinc alloy, ensuring

durability. The Acefast cable is a long-lasting investment!
