Ref: 744252199852

INVZI GanHub USB-C + USB mains charger, 38W, EU/UK/AU/US (black)

Charge your gear quickly and conveniently! With the mains charger, your devices will get a full battery back in no time, as it stands out with a power of 38W. What's more, you can use it with all sorts of devices. Travel adapters are also included, making the use of the charger even more convenient.

Fast charging

The INVZI AC charger is equipped with a USB-C port and a USB port that charge at a maximum power of 36 watts! This makes it possible for you to charge several devices simultaneously, saving you time in the process. In as little as 25 minutes you can recover 50% of the battery in your iPhone 14! With INVZI, your gear will be ready to use again in no time!

High compatibility

The network charger offers great compatibility. It can charge a wide range of devices, including phones, tablets, headphones and more. This means you don't have to worry about whether your device is compatible with the charger. It is ideal for people who own a wide variety of electronic devices and want to charge them quickly and conveniently.

Comfort of use

The INVZI mains charger is extremely compact yet provides maximum charging power, making it ideal for taking with you on a trip or for everyday use at the office or home. Thanks to its special design, the charger can be smaller and more powerful than a traditional charger, which means it takes up less space and is easier to carry.

Additional accessories

Additional EU/UK/AU/US adapters are included to charge devices in different geographic regions, which is especially useful for travelers. These accessories make the charger even more versatile and functional, allowing it to charge different devices and operate in different conditions.
