Ref: 744252199890

INVZI USB-C to Lightning cable, MFi, 2m (black)

Tired of waiting a long time for your phone to get a full battery back? Charge your gear quickly and conveniently! With the INVZI cable, your devices will regain full battery in no time. What's more, it stands out for its excellent durability, and the MFi certification guarantees safe use.

Fast and safe charging

The INVZI cable provides fast and safe charging for your mobile device. In as little as 30 minutes, your smartphone can recover as much as 50% of its energy, allowing for uninterrupted use. MFi certification and rigorous testing is a guarantee of safe charging with full fast charging compatibility for Apple devices.

Thoughtful design

The INVZI cable is a product with a well-thought-out design that will allow you to use your mobile device comfortably. With a length of 2 meters, the cable gives you plenty of freedom when charging, allowing you to conveniently use your device even in hard-to-reach places. In addition, made of braided nylon, the INVZI cable is not only a charging tool, but also a piece that allows you to express your style. This unique material ensures durability and resistance to damage, allowing you to enjoy the product for a long time.
