

INVZI Mag Free magnetic stand for iPad 10th gen. (gray)

Ref: 754418838648

INVZI Mag Free magnetic stand for iPad 10th gen. (gray)

INVZI MagFree stand / stand for iPad 10th gen (grey)

Enjoy greater comfort while watching videos, participating in video conferences, taking notes or drawing on your iPad. The INVZI stand is tilt-adjustable by 180° and allows you to rotate the device placed on it by 360°. So you can position it at just the right angle for the comfort you desire! A durable aluminium alloy is used to make this accessory.

Adjustable

Adjust your iPad to make it even more comfortable to use. You can adjust the angle of the stand up to 180° - adjust it to look at your tablet screen at the best possible angle! You can also rotate the device 360°. Position it vertically or horizontally and draw comfortably, use the apps of your choice or watch a video on YouTube!

Clever design

The stand is equipped with top-class magnets, so you don't have to worry about your tablet falling off and getting damaged. The product also has a special opening so that it does not obstruct the device's cameras. What's more, the accessory is made of high-quality aluminium alloy - it is very durable and resistant to damage, and visually matches the design of the iPad perfectly.
