It is also a perfect fit for the iPhone 14 Plus and fully compatible with all Magsafe accessories.

For the safety of your iPhone

Have confidence that your phone is effectively protected in almost any situation! The case reliably protects your device from accidental damage. The reinforced edges of the Air-Guard absorb shocks caused by falls, and also perfectly cushion falls. Raised edges further protect the screen and lens from scratches when the smartphone is lying on a flat surface.

With attention to detail

The Classic Kickstand case has a built-in, foldable stand that allows you to freely watch videos, make video calls or use apps in a horizontal position, without having to hold the phone in your hand. This is an ideal solution for those who appreciate comfort while using a smartphone. What's more, you can freely adjust its tilt angle from 0 to 85°!

Perfect fit

The case was designed with the iPhone 14 Plus in mind. It fits it perfectly, and the precise port cutouts provide full access to the smartphone's interface. So you can freely charge your phone without removing the case - even with a wireless charger! Built-in strong magnets make the Magsafe magnetic accessory adhere perfectly to your smartphone.

#### Robust design

Thanks to its sturdy construction, the ESR Classic Kickstand case can withstand even the toughest conditions - it meets the Military Grade standard, which proves its extreme durability. The case is also distinguished by its resistance to yellowing, which means that the transparent design will remain pristine and aesthetically pleasing for longer. As a result, your iPhone 14 Plus will always look great!
