3-in-1 USB to USB-C / Lightning / Micro USB cable, Mcdodo CA-0930, 6A, 1.2m (black)

Now you only need one cable to charge multiple devices! The 3-in-1 Mcdodo cable is equipped with 3 connectors - USB-C, Lightning and microUSB, so you can conveniently charge up to three devices at once. It offers fast charging and supports multiple fast charging standards, as well as ensuring safe use. It also features a durable and wear-resistant design.

Fast charging

No more wasting time until your smartphone is ready to use! The USB-C connector offers lightning-fast charging at 6A, and supports multiple fast charging protocols, including SCP, FCP, AFC and QC3.0, so you can charge your Huawei Mate 40 Pro up to 86% in just 30 minutes! What's more, the Lightning connector allows charging at 2.4A, while the microUSB connector allows charging at 2A.

Charge multiple devices simultaneously

Now you can seamlessly charge multiple devices at the same time! The cable is equipped with 3 different connectors - USB-C, Lightning and microUSB. Thus, you will successfully renew the energy of various equipment with its help. It will be great for charging smartphones, tablets, wireless headphones or powerbanks.

For the sake of security

Worried about the security of your devices? Don't be! Mcdodo cable reliably protects your equipment from damage. It features a smart chip that, combined with innovative MSC technology, automatically adjusts the charging parameters to the connected device.

Attention to detail

The CA-0930 cable was created with attention to even the smallest details. A special light indicator will let you know if the charging voltage is low or high. You can also freely adjust the length of the cable! A practical velcro is also included for easy storage of the cable.
