

Charger GaN 140W Mcdodo CH-2913, 2x USB-C, USB-A (black)

Ref: 6921002629133

Charger GaN 140W Mcdodo CH-2913, 2x USB-C, USB-A (black)

GaN 140W mains charger Mcdodo CH-2913 2x USB-C, USB-A (black)

Want to charge your gear quickly and safely? The Mcdodo mains charger can help you do just that! It has been constructed with the latest technologies, such as fast charging with 140W power and GaN5 Pro technology. With three outputs - 2 x USB-C and 1 x USB-A - it is able to handle various devices simultaneously, offering safe and efficient charging.

Fast charging

The Mcdodo mains charger uses 140 watts of power, making it capable of charging your devices in record time. This charger is equipped with innovative GaN5 Pro technology, which translates into higher performance, smaller size and better energy efficiency compared to traditional chargers. Thanks to this advanced technology, the device is not only faster, but also more durable and wear-resistant.

High compatibility

The Mcdodo charger provides flexibility and convenience of use, as it is equipped with 3 ports - 2 x USB-C and 1 x USB-A. Whether you need to charge your phone, tablet or laptop, this charger can handle the task with ease. What's more, the charger ensures safe charging. This versatility and safety make it an indispensable tool for anyone who values convenience and safety.
