

Car Charger Mcdodo CC-2300, 2xUSB + USB-C, with Display, 100

Ref: 6921002623001

Car Charger Mcdodo CC-2300, 2xUSB + USB-C, with Display, 100

Mcdodo CC-2300 car charger, 2xUSB + USB-C, with display, 100W (black)

Do you often travel by car? Do you want to make sure that even during long journeys your equipment will always be ready for use? Thanks to Mcdodo this will be possible! This car charger guarantees fast charging with up to 100W of power. What's more, thanks to its well-thought-out design, it will resist wear and tear and guarantee safety.

Fast charging

The Mcdodo car charger stands out for its power of 100 watts, so it can charge your devices at an impressive rate. It is equipped with three ports - two USB and one USB-C, which provides a wide range of charging options for different devices. The efficiency of this device is truly impressive - a 13" MacBook Pro recovers 73% of its battery in just an hour, while an iPhone 14 gains 60% charge in 30 minutes. Fast charging with the Mcdodo CC-2300 keeps your devices always ready for action.

Thoughtful design

What sets the car charger apart is its thoughtful design. A smart digital display continuously monitors the battery voltage to ensure safe and efficient charging. The use of the highest quality materials guarantees durability, so the Mcdodo CC-2300 will serve you for many years. In addition, the small size of the charger makes it extremely practical. You can always carry it with you, no matter how much space you have available.

□ Producer
□ Mcdodo
□ Model
□ CC-2300
□ Color
□ Black
□ Material
□ Zinc alloy + PC
□ Input
□ 12V-24V
□ USB-C output
□ 5V□3A, 9V□3A, 12V□3A, 15V□3A, 20V□5A (100W); PPS: 3.3-21V□5A, 3.3-11V□4.5A (based on 12V-24V input voltage)
□ USB1 output
□ 5V□3A, 4.5V□5A, 5V□4.5A, 9V□3A, 12V□2.5A, 20V□1.5A (30W) (20V output is based on 24V input voltage)
□ USB2 output
□ 5V□3A, 4.5V□5A, 5V□4.5A, 9V□2A, 12V□1.5A (22.5W) (based on 12-24V input voltage)
□ Power
□ 100W max.
□ Dimensions
□ 76.1 × 48 × 34 mm
