

Wireless charger Budi QC3.0 2xUSB 5V 2.4A (White)

Ref: 6971536922675

Wireless charger Budi QC3.0 2xUSB 5V 2.4A (White)

Budi QC3.0 2xUSB 5V 2.4A wireless charger (white)

Renew the power of up to 4 devices simultaneously. The Budi charger offers 2 USB ports, one USB-C port, and wireless charging. It supports fast charging protocols and meets international safety standards, so you can take it with you on the plane.

Wide compatibility

Thanks to the fact that the Budi charger has 3 charging ports and allows for wireless power restoration, it is compatible with Android devices and Apple hardware. With its help you can successfully charge iPhones, iPads, smartphones, tablets, cameras, e-book readers, Bluetooth headsets, speakers and Qi-enabled devices.

Powerful charging

The Budi charger allows you to charge four devices at once - both via USB cables and wirelessly using Qi technology. At your disposal will be a USB-C port that supports the PD standard, two USB ports that offer the QC 3.0 fast charging protocol, and up to 2.4 A of current. Experience how fast you can charge your devices!
