

Wireless Gaming Controller iPega PG-SW006A Nintendo Switch G

Ref: 303276759222

Wireless Gaming Controller iPega PG-SW006A Nintendo Switch G

iPega Nintendo Switch Wireless Controller / GamePad PG-SW006A Green Blue

Do you own a Nintendo Switch console and are looking for a controller that will allow you to play games with precision and comfort? The iPega PG-SW006A features the use of a 6-axis gyroscope and powerful vibration motors. It offers Turbo function support and built-in slots for storing console equipment.

Functionality first

The controller uses a 6-axis gyroscope, allowing control by tilting the device. What's more, it supports the Turbo function, so you can, for example, fire continuously without being forced to press the button repeatedly. Dual vibration motors will add more immersion, perfectly capturing the gameplay experience.

More options

Want to customize the operation of the pad for your own habits and needs? Nothing easier! The gamepad offers 2 additional programmable buttons. This allows you to map them as you like - using combinations as well. The device also has built-in slots to conveniently store 4 game cartridges and 1 Micro SD card.
