Ref: 6933138691830

LDNIO Car Mount ,MA20 with inductive charger 15W (Black)

LDNIO MA20 car holder with 15W inductive charger (black)

Take care of your comfort while traveling by car. LDNIO offers not only a sturdy car mount, but also a functional inductive charger with an impressive 15W power output. Whether you are planning a long trip or a spontaneous journey, the MA20 will meet your needs. Mounting the gadget on the ventilation grille will not cause you any trouble, and strong magnets will stably hold your device. The product is compatible with all smartphones and is equipped with a USB-C port. Also noteworthy is the ability to rotate 360° and resistance to interference.

Wireless charging

Opt for innovative solutions - the car holder with induction charger by LDNIO offers fast wireless charging technology with up to 15 watts of power. Now you can keep your phone visible and use navigation without worrying that your device will discharge at an inappropriate moment during your trip. The MA20 provides a stable and reliable connection and intelligently adjusts the charging current to your device for optimal performance and safety.

Convenience of use

Get ready for a breakthrough in travel and discover a new level of comfort with the LDNIO car mount. Its strong magnets guarantee a stable hold on your smartphone - even over rough roads or bumps. What's more, thanks to its 360° adjustment, you can enjoy the

freedom to adjust your viewing angle.

Refined design

The MA20 is equipped with a USB-C port and stands out for its incredible versatility - you can use it with any phone model without any problems. What's more, it is compatible with the Magsafe standard. The holder is made of high-quality materials, so you don't have to worry about your phone getting scratched. The product is also corrosion-resistant and stands out for its compact size.
