

360° Outdoor Camera IMOU Cruiser 4MP PoE

Ref: 6971927232000

360° Outdoor Camera IMOU Cruiser 4MP PoE

360° Outdoor Camera IMOU Cruiser 4MP PoE

Increase the level of security in your home. The IMOU IPC-S41FAP camera will let you keep your finger on the pulse - it records high-quality QHD 4 MP video and detects movement. When an unauthorised person comes within its range, you'll get an instant notification on your phone! The device also has a built-in microphone and reflector. What's more, it provides clear images even after dark thanks to Smart Color Night Vision.

Around-the-clock monitoring

Keep yourself and your loved ones safe. The camera provides detailed 4 MP QHD images and supports the H.265 codec - don't let any detail escape you! The device also offers up to 16x digital zoom. Its added bonus is the Smart Color Night Vision function, so you can get clear video footage even at night. The camera also has a built-in microphone to guarantee high quality audio.

Motion detection and object tracking

No longer do you have to worry about an unauthorised person hanging around your home and you not finding out about anything. The camera detects movement - if someone comes within its range, it will immediately send you a notification with a photo to your phone. It will also activate a spotlight to deter a possible burglar. The device can also track moving objects - it rotates 0-355° horizontally and 0-90° vertically.

PoE power supply

Don't worry about power problems with your camera. Simply connect it with a single Ethernet cable, which will provide stable, reliable data transmission and supply the device with power. You no longer need to use additional cables or be limited to available sockets! The PoE power supply will allow you to use the camera anywhere without any problems.

Many possibilities with the app

Discover the possibilities offered by the Imou Life app. Add your camera to the app for convenient access to your stored recordings - view, manage and share them with friends! You can also see a live preview from your device at any time. This is ideal if, for example, you are not at home and want to check that everything is OK.

Several options for saving video

Want to save the recorded video? No problem - the camera supports NVR and microSD cards up to 256 GB. You can also store your recordings in the cloud - new IMOU users get free access to the service for 30 days. Choose the right option for you and be sure not to lose important evidence!

Waterproof

You can mount the camera in the garden, by the garage or in front of the house without any worries. The device is distinguished by its robust construction and water resistance thanks to the IP66 rating - even extremely unfavourable conditions do not pose a threat to it. Rain, cold or heat pose little threat to it. This robust camera will prove itself in almost any situation!

In the box

- 1x camera
- 1x mounting template
- 1x mounting bracket
- 1x waterproof connector
- 1x set of screws and plugs
- 1x power adapter
- 1x quick start guide
