

Matter Smart remote control SwitchBot Hub 2 WiFi HomeKit BLE

Ref: 850046603228

Matter Smart remote control SwitchBot Hub 2 WiFi HomeKit BLE

Matter SwitchBot Hub 2 WiFi HomeKit BLE IR smart control panel

With SwitchBot you will create a home that is more pleasant to live in! The smart switchboard will allow you to connect your devices and create an ecosystem, which will give you the ability to automate the operation of home appliances and control them remotely with, for example, voice assistants. What's more, the device is compatible with Matter connectivity, so you can operate it via HomeKit, Wi-Fi, BLE or IR. This makes using the smart control panel very easy and fun, and you can enjoy your Smart Home!

Smart hygrometer

The smart control panel combines many functions, including the hygrometer function. It monitors temperature from -20°C to 80°C with a tolerance of $\pm 0.2^{\circ}\text{C}$ and humidity from 0 to 99% with a tolerance of $\pm 2\%$ RH. Thanks to its large LED screen, you can easily read every measurement! What's more, it is also equipped with a light sensor that adjusts the brightness of the device to the prevailing room conditions. With SwitchBot, taking measurements will be very easy and fast!

Infrared remote control

The SwitchBot smart control panel can also act as an infrared remote control. All you have to do is add it in the dedicated app! This makes it easy for you to control devices such as TVs and air conditioners. What's more, you can manage them using the app, your Apple Watch or with voice commands! With SwitchBot, home life will be simpler!

Smart scenes

SwitchBot allows you to create smart scenes. Temperature, humidity and light, which are detected by the smart control panel, can be used to automatically turn on, for example, the air conditioner to maintain ideal conditions in a room. What's more, with just one button on the control panel, you can turn off lights or TVs. This makes it easy to create your own ecosystem to make living at home more pleasant!

Reliable connectivity

The SwitchBot smart control panel supports Matter connectivity, so it can be operated via HomeKit, Wi-Fi, BLE or IR. What's more, you can also conveniently use assistants such as Alexa, Google Home or Apple Home. It also makes it possible for you to control your devices with voice commands, without having to get out of bed. This will make your Smart Home even better!

Included

Intelligent control panel

temperature and humidity measuring cable

5V 2A adapter

3M adhesive tape

□ Producer

□ SwitchBot

□ Model

□ Hub2

□ Material

□ ABS plastic

□ System requirements

□ Android OS 5.0+, iOS 11.0+

□ Working environment

□ Indoors

□ Operating temperature

□ -20 °C to 40 °C

□ Humidity during operation

□ 0% to 90% relative humidity

□ Input

□ 5 V □ 2 A

□ BLE

□ 4.2

□ Transmission range

□ Max. 120 m (131.2 yards) in open space

□ Bluetooth function:

□ Patented low-energy BLE Mesh network

□ Protocol

□ 802.11 b/g/n (2.4 GHz), Matter

□ Infrared emission range

□ Max. 30 m (32.8 yards)

□ Infrared reception range

□ Max. 15 m (16.4 yards)

□ Integration with other devices:

□ Alexa, Google Assistant, Siri Shortcuts, IFTTT

□ Temperature unit

□°C/°F

□Temperature range

□-20 °C to 80 °C (-4 °F to 176 °F)

□Humidity range

□0 to 99 % RH

□Temperature accuracy

□-20 °C to 0 °C (-4 °F to 32 °F) [± 0.4 °C / 0.7 °F]; 0 °C to 65 °C (32 °F to 149 °F) [± 0.2 °C / 0.4 °F]; 65 °C to 80 °C (149 °F to 176 °F) [± 0.3 °C / 0.5 °F].

□Humidity accuracy

□0 to 10% RH ($\pm 4\%$ RH); 10% to 90% RH ($\pm 2\%$ RH); 90% to 99% RH ($\pm 4\%$ RH)
