

PGYTECH Ronin Stabilizer Quick Release Clamp

PGYTECH Ronin Stabilizer Quick Release Clamp

Ref: 6976100482012

PGYTECH Ronin Stabilizer Quick Release Clamp

The PGYTECH Ronin Quick Release mount with quick release mechanism will allow you to conveniently install your camera on the stabilizers of your choice. The product is compatible with most DJI gimbals and is made of high-grade aluminum alloy, making it very durable yet lightweight.

Reliable performance

The patented quick-mount mechanism enables smooth, hassle-free installation of the camera on the stabilizer. Now you'll be ready to go in no time! What's more, the side safety lock guarantees the mounted device the necessary stability - you don't have to worry about it wobbling or falling off.

Wide compatibility

Thanks to its clever design, the accessory is compatible with most DJI stabilizers, for example, the DJI RS 3 Mini, DJI RS 3 Pro, DJI RS 3, DJI RS 2 and DJI RSC 2. You can also use it seamlessly with the PGYTECH Beetle Camera Clip and PGYTECH Arca-type Quick-release Clamp mounts.
