PD Charger McDodo CH-4022 20W Nano Series (blue)

Ref: 6921002640220

McDodo CH-4022 20W Nano Series Power Charger (blue).

Ready for fast and safe charging? The McDodo CH-4020 AC Charger provides instant PD 20W charging, so you'll renew your device's power in moments. Advanced safety features ensure safety during charging, protecting your devices from overheating and overvoltage, among other things. Thanks to its compact design, the McDodo charger will be the perfect travel companion!

Instant charging

With the McDodo charger, charging your smartphone will take just a moment! The accessory supports PD fast charging with up to 20W of power. This means that you will charge your iPhone 8-14 series up to 4 times faster than with a standard charger! It only takes 30 minutes to renew your iPhone 14's energy up to 60%.

No worries about safety

The CH-4020 is designed for fast yet safe charging. A number of safety features ensure a high level of user safety and reliably protect your device from short circuits, overcurrent, overvoltage, overheating or electrostatic discharge. What's more, to reduce the risk of damage to the device, the charger will automatically slow down charging when the charge level reaches 80%.

Wide compatibility

The charger will be perfect for charging various devices! With its help you can easily renew the energy of your iPhone 8-14 series, iPad, wireless headphones or smartphones from Samsung, Huawei and others. You will also use it to charge your MacBook Pro 16 "/13 "/Air.

Compact design

Thanks to the charger's compact design, you can always have it at hand - you can even fit it successfully in your pocket. The specially designed USB-C port means you don't have to worry about the cable coming loose. Now you can enjoy reliable and stable charging for a long time!
