

## USB-C Type C Charging Cable Green Cell KABGC30 Power Deliver

Ref: 5907813963599

USB-C Type C Charging Cable Green Cell KABGC30 Power Deliver

Green Cell USB-C Type C cable KABGC30 Power Delivery 60W, QC 3.0, 1.2m.

The 120cm long GC PowerStream USB-C - USB-C cable with Power Delivery (60W) fast charging support is designed to meet the needs of the most demanding users. With support for the Power Delivery standard, the cable is ideal for smartphones, tablets and laptops that support USB Type C charging. The GC Power Stream's unparalleled durability is the result of its extremely abrasion-resistant braid, and metal shields that effectively protect both plugs from breaking.

### Fast charging

With support for the Power Delivery standard (60 W), you can take advantage of fast charging to save time by charging your device at its highest, safe power. The fast data transfer rate (480 Mbps) gives you the ability to work efficiently and effectively with files, while support for Quick Charge 3.0 and Ultra Charge technology means that we are able to charge our smartphone up to 3x faster.

### Unmatched durability

The braided braid of the GC PowerStream USB-C cable is made of threads of durable polypropylene, which not only looks elegant, but also protects the cable from abrasions and kinks. The use of Kevlar fibers that run along the length of the cable prevents breakage, and the multi-level shielding of the wires ensures excellent cable function.

### Compatibility

With support for the most popular fast charging technologies, such as Power Delivery, Quick Charge 3.0, GC Ultra Charge, Samsung AFC, and Huawei FCP/SCP, the GC PowerStream cable is perfect for powering any of your devices equipped with a USB Type C port. Whether you're using the latest smartphones including Samsung S22/S22 Ultra, Xiaomi 12 Pro, Huawei P30 Pro, iPad Pro 2020 tablet or Nintendo Switch console, GC PowerStream will be their perfect charging companion at home and on the go.
