

## Vacuum cleaner Deerma DX900

Vacuum cleaner Deerma DX900

Ref: 6955578034374

Change the way you think about cleaning

The Deerma DX900 has an extremely efficient filtration system that effectively removes dust, allergens and other pollutions. You can use it in 2 ways, and with the interchangeable brushes you can adapt it to your needs even better. The high performance motor guarantees efficient yet quiet operation at 75 dB. The vacuum is also lightweight and handy, so you will enjoy exceptional comfort during use.

Your secret weapon in the battle against dirt

Get rid of dust, dander, pollen, bacteria and mites quickly and conveniently with the DX900. The perforated steel filter effectively traps dirt and allergens. The powerful rotating force rapidly directs waste into the bin, which you can easily detach, empty and wash. The independent air duct and the air inlet curved at 90° and 135° increase the filtration efficiency. All this enables you to create a clean and healthy environment in every room of your home.

You can use it in 2 ways

When you choose Deerma DX900, you actually get 2 devices in 1. You can use the product as an upright or handheld vacuum cleaner. So you can easily get to any place you want to clean. With this multifunctional device, you will vacuum not only floors, but also armchairs, mattresses, curtains, shelves, countertops and even keyboards. With the Deerma DX900, your possibilities are almost limitless.

Change the brushes to optimise its performance

In the package you will find 2 brushes that can be easily interchanged to adapt the DX900 to the type of surface you want to vacuum. The floor brush is extremely versatile and is suitable for cleaning laminate, carpet, tile and more. The flat brush, on the other hand, is ideal for narrow, hard-to-reach areas. You can use it to vacuum, for example, curtains or your laptop's keyboard.

Vacuum and enjoy the silence

DX900 is equipped with a motor that stands out for its high efficiency. It provides an effective suction power that gets rid of waste in a moment. At the same time, the vacuum cleaner is incredibly quiet. It was designed in such a way as to effectively reduce noise. With the Deerma DX900, you can enjoy an efficient, yet quiet vacuuming.

You will be impressed with the comfort of use

The vacuum cleaner is small and lightweight. Using it is therefore extremely comfortable and does not cause fatigue. The cord can be stored in the handle, making it easy to keep the cord neat and tidy. The casing of the device is made of durable ABS plastic, which makes it resistant to damage and provides unparalleled durability. This functional and handy vacuum cleaner will serve you well for a long time.
