

Magnet Pendant Insta360 GO 3

Magnet Pendant Insta360 GO 3

Ref: 6970357854981

Insta360 magnetic pendant for GO 3

This accessory is ideal for anyone who appreciates high quality first-person footage. Equipped with a sturdy magnet, it allows you to attach the GO3 camera at chest height, providing the desired image stabilization in any situation. Free your hands and create perfect shots from your own point of view! Handling and storing the pendant will not cause you any problem.

A clever solution for the demanding

The Insta360 magnetic pendant was created from high-quality, robust materials, making it reliable for first-person footage. Simply hang it around your neck, tuck the magnetic part under your clothes and attach your camera to your shirt on the outside. The smooth and soft silicone on the back panel is skin-friendly, so you don't have to worry about irritation, while the powerful magnet guarantees a secure hold on your camera, so you can be sure you won't lose it!

Angle adjustment insert

Included with the pendant you'll find a special angle adjustment insert that will allow you to easily get the frame you want. A bike trip, mountain climbing, or maybe a romantic walk by the sea? Use the pendant and create extraordinary footage at its best!
