

Waterproof Dive Case Insta360 GO 3

Waterproof Dive Case Insta360 GO 3

Ref: 6970357855230

Insta360 GO 3 waterproof dive case

Create exceptional shots underwater without worrying about your camera! The waterproof case for GO 3 cameras is a proven solution with which you can dive as deep as 60m! The carefully thought-out design with sliding buckle is a guarantee of watertightness, and the glass lenses provide even better image quality, so your recordings will be stunning! Included in the kit you will find accessories to mount the case on a tripod, for full creative freedom!

Clear image

Even underwater, you won't lose image quality! The case is equipped with optical glass, which, unlike plastic ones, guarantees a clear image with rich details. Capture exciting moments, keeping them not only in your memory!

Thoughtful design

The case was created with the safety of your camera in mind, which is why it uses a solid buckle lock design, giving you the assurance that the GO 3 will stay in place and that water will not get into it even at a depth of 60 meters! Among other things, you'll find anti-fog inserts and a ¼" mount adapter to make recording even more convenient!

Included
