XO M40 Black Smart Sports Watch

Do you dream of a watch that perfectly matches your active lifestyle? The XO M40 smart sports watch is designed just for you! With its IP68 waterproof rating, nearly 5-day battery life, strong construction featuring stainless steel, zinc alloy, tempered glass, and silicone, this model will exceed your expectations on multiple levels.

Lightweight and Durable Material

Feel the lightness on your wrist thanks to the combination of a silicone strap and robust stainless steel in the casing. Weighing only 37g and measuring 45 x 38 x 11mm, the watch provides not only wearing comfort but also long-lasting durability, allowing for unrestricted sports and outdoor activities.

IP68 Waterproof - Ready for Challenges

Rain, sweat, or dust won't stop you! With an IP68 waterproof rating, the XO M40 watch allows you to use it in any conditions. You don't have to worry about the watch during running, swimming, or even diving.

260mAh LiPo Battery - Ready for a Marathon

This watch is your reliable companion for long workouts and an active lifestyle. Thanks to the spacious 260mAh LiPo battery, you can

enjoy up to 5 days of continuous use before the next recharge. A standby time of around 30 days means it will always be ready when you need it.

Unique Display

Highlight your style with the exceptional 1.86-inch display and 240 x 280 IPS resolution. Every detail on the screen is vivid and clear, ensuring readability even during intense outdoor exercises.

Wireless Charging - Uncompromised Convenience

The XO M40 watch employs wireless charging technology, allowing you to charge it quickly and effortlessly. Simply place it on the charger, and it will be ready for action in just 3 hours.

Versatile Compatibility and Languages

The XO M40 watch is compatible with both Android (version 5.0 and above) and iOS (version 9.0 and above) systems, making it an ideal choice regardless of your smartphone's age. Additionally, support for multiple languages allows you to tailor the watch to your needs and preferences, such as learning a new language.

Realtek 8762DT - Sound and Performance

Thanks to the Realtek 8762DT processor, the watch operates smoothly and efficiently. Conduct calls seamlessly through Bluetooth functionality (Bluetooth name: XO-M40), control music, and customize settings to perfectly match your day.
