

## High Speed Hair dryer Soocas Nova A1 (white)

High Speed Hair dryer Soocas Nova A1 (white)

Ref: 6970237665683

### Soocas Nova A1 Hair Dryer (white)

Reduce your morning prep time and get long-lasting styling results. The Soocas Nova A1 hair dryer supports 4 modes and operation and 2 speed levels. With a wind speed reaching an impressive 62 m/s, you can get fast and professional results regardless of your hair type. The device is equipped with a high-speed brushless motor that rotates at 11,000 rpm. In addition, it generates up to 200 million negative ions, which will make your hair shiny and soft. Thanks to the advanced temperature control technology, it is completely safe to use the dryer, and colored LED rings inform you about the current temperature. The product is extremely lightweight - it weighs only 495 g, so you can use it without straining your wrist, and its quiet operation allows you to dry your hair effortlessly at any time.

### Perfect for every hair type

The Soocas hair dryer offers up to 4 modes, including Warm, Hot, Cool and Hot and Cool Circulation. There are also 2 speed levels. So you can easily adjust the device's performance to your hair type and current needs. The airflow rate is 15.5 l/s, and the wind speed reaches about 62 m/s - all of which makes the Nova A1 model run as much as 3 times faster than traditional dryers. In addition, the device is equipped with a brushless motor that provides up to 11,000 rpm, which translates into reliability and efficiency.

### Results that delight

Let yourself be amazed by how good your hair can look. The Nova A1 generates as many as 200 million negative ions to achieve the

effect of improving hair texture and structure. From now on, their scales will be smooth and evenly arranged, so you can say goodbye to the problem of excessive frizz. Enjoy shiny and perfectly styled hair without compromise!

#### Comfort and safety

The noise level that the dryer generates during operation does not exceed 58 dB. This means you can dry your hair at any time without worrying about disturbing other household members. In addition, the NTC system measures the heat level 100 times per second, guaranteeing optimal operating conditions and keeping the temperature below 75°C. When the temperature gets too high, the unit automatically shuts off to protect against overheating. Information about the current heat level is provided by colored LED rings. In addition, the product has been granted 12 patents and passed 174 tests before its launch, proving its high quality performance.

#### Practical accessories included.

Find that you can dry your hair in no time without sacrificing its health. The dryer offers a diffuser that evenly and gently disperses the air stream. This divides it into four smaller streams, allowing you to evenly cover a larger area of hair. As a result, you can enjoy efficient drying, and the impact of high heat and intense airflow on specific areas is minimized. The package also includes a concentrator, which is great for long and straight hair. The package also includes a wall mount and Velcro for the cord.

#### Convenience of use

The Soocas hair dryer is designed for maximum comfort. The length of the nozzle has been shortened, so holding the device is much more comfortable. Its weight does not exceed 495 g (including the power cord) - so you do not have to worry about annoying wrist pain. The integration of the motor and fan blade allowed the Nova A1 to be 80% smaller than similar devices. In addition, a replaceable filter prevents hair from being sucked in, and its easily detachable design makes it easy to clean.
