Desktop Charger LDNIO 65W PD/QC4+/QC3.0/PPS/AF

Desktop Charger LDNIO 65W PD/QC4+/QC3.0/PPS/AF

Charge up to 4 devices simultaneously and save time. This desktop charger from LDNIO is equipped with 4 ports - 2x USB-C and 2x USB-A, and has a maximum output power of up to 65 W. The product also supports various fast charging standards, so you can charge your phone or even your laptop in no time. Its added advantage is its sturdy, durable construction and long 1.5-meter cable.

Fast charging

Don't wait too long until your devices are ready to serve you again. The LDNIO charger provides impressive power output - up to 65 W on USB-C ports, and up to 60 W on USB-A ports. It also supports such fast charging standards as PD4 , QC3.0, PPS, AFC, FCP, SCP, VOOC and AUTO-ID. Now you can charge the equipment you need in no time!

As many as 4 available ports

Need to charge more devices? You no longer need to occupy several outlets! As many as 4 available ports (2x USB-C, 2x USB-A) allow you to plug up to 4 devices into the charger at the same time. So you can, for example, conveniently charge your smartphone, laptop, tablet and wireless headphones. Don't wait until one device is ready for use before connecting another!

Wide compatibility

The charger is distinguished by its high power and wide compatibility, which means that you can easily charge most of your devices with it. The product is perfect for charging laptops, smartphones, tablets, wireless headphones, smartwatches, desk lamps and even humidifiers.

Thoughtful design

Flame-retardant PC plastic was used to make the charger, which translates into its durability and resistance to damage. The product has also been protected against overload, overvoltage, overcharging, overheating and short circuit, among other things. Also noteworthy is the long 1.5-meter cable, which will give you more freedom when using the device.
