Wireless Bluetooth Speaker Tronsmart Force Max (black)

Tronsmart Force Max Bluetooth Wireless Speaker (black)

The Tronsmart Force Max is a wireless speaker that features 4 drivers with 2 passive heat sinks to deliver stunning stereo sound. It also offers a tri-band EQ function, allowing you to adjust the sound to your personal preferences. By combining 2 speakers, you can create an audio system. The rugged design with IPX6 certification makes the device great for outdoor activities. In addition, it will also serve you as a powerbank, so you can quickly renew your smartphone's energy. One charge provides up to 13 hours of use, and Bluetooth 5.0 will let you enjoy a stable connection. With the help of practical buttons you will conveniently operate the device.

High quality sound

Thanks to its advanced channel system with 4 drivers and 2 passive heat sinks, Tronsmart Force Max offers sound of the highest quality. As a result, music becomes clearer and sound becomes richer. The device is designed to be able to accurately reproduce even subtle details. You will experience an impressive spatial soundstage, while Boost SoundPulse Audio technology guarantees crystal clarity even at the highest volume levels. With this, you will discover completely new aspects of music.

Various ways to connect

The Tronsmart Force Max speaker uses Bluetooth version 5.0 technology, providing a seamless connection to your equipment. The transmission range reaches 18 meters, so you can enjoy freedom of movement without losing sound quality. You can also connect it to a

compatible device with the included AUX cable, use the Micro SD/TF card slot, or use a portable USB drive.

Powerbank function

The Tronsmart Force Max is no ordinary speaker - it's also a portable powerbank! With an impressive battery capacity of 15,000 mAh, the device can serve as a power source for your equipment. When your smartphone, tablet or other gadget is about to run out of power, simply plug it into the speaker and enjoy its work even during long trips or camping!

Convenience of use

On the speaker's control panel you will find practical buttons for convenient operation. Simply press the appropriate button to turn it on, change the song, adjust the EQ settings, activate the voice assistant or answer an incoming call. The device also supports True Wireless Stereo (TWS), which allows two Force Max speakers to be paired together. The pairing process is easy and hassle-free, so you can quickly create a powerful audio system to fill your space.

Thoughtful design

The speaker's compact size (258 x 85 x 153 mm) and practical strap allow for effortless portability. The black color scheme gives it a sleek and modern look that blends seamlessly into any environment. In addition, the IPX6 protection rating proves its high durability.

Long runtime

The Tronsmart Force Max offers the performance you need. With a 15,000 mAh battery, the speaker allows you to play music continuously for up to 13 hours at 50% volume. This means you can enjoy your favorite tunes all day long without the need for frequent charging. The time it takes to charge it is about 4-5 hours.
