

Toster Techwood TGP-506

Toster Techwood TGP-506

Ref: 3760196097389

Perfect baguettes straight from the toaster

Enrich your kitchen with the 1300W Toaster and enjoy fresh and flavorful baguettes every day easily and reliably. Experience how modern technology works together with full control over the baking process, providing convenience and safety when preparing your favorite snacks. Now cooking takes on a whole new flavor!

Great features for complete control

The toaster has everything you need to fully control the baking process. Double long baguette slots allow you to cook two fresh buns at the same time, and the innovative browning control system ensures perfect baking results. Plus, choose from automatic or manual ejection options to customize the process to your preference.

Convenience and safety first

With your convenience and safety in mind, the appliance is equipped with numerous features for ease of use. An automatic shut-off protects baguettes from burning, ensuring perfect results with minimal effort. A crumb tray keeps your kitchen tidy, and an instant stop button allows you to stop the process at any time. A power cord storage compartment underneath the unit provides an aesthetically pleasing look and promotes safe storage.
