### ONIKUMA K8 Black Gaming Headphones

Designed for experienced gamers and individuals who appreciate good design and unmatched comfort, the ONIKUMA K8 headphones will support you in every battle! They are designed to provide maximum comfort - equipped with a padded headband that gently fits your head and soft memory foam pads made from easily cleanable eco-leather. Thanks to the advanced 50mm neodymium magnet, the ONIKUMA K8 headphones deliver excellent sound quality, allowing you to dive even deeper into the virtual world and experience intense moments during your next adventures and triumphs! They come with a noise-reducing microphone, ensuring clear team communication. The manufacturer's glowing logo on both headphones completes the package.

### Superb Sound

The ONIKUMA K8 headphones are equipped with 40mm speakers and a precise 50mm neodymium magnet, ensuring excellent sound quality. Immerse yourself in adventures at a higher level and achieve triumphs more smoothly - no sound will escape your attention. The synchronization of sound and image in the K8 model is perfect - because we know that sometimes fractions of a second decide victory.

### Clear Communication

Team collaboration is a key element both in strategy planning and in building lasting relationships. The K8 headphones feature a microphone equipped with noise reduction to eliminate background disturbances, ensuring a calm gaming experience. Furthermore,

every word you utter will be perfectly captured, providing the clarity and distinctness of sound essential for effective communication. For your convenience, the microphone is adjustable in any direction.

#### Ergonomics and Comfort During Use

The ONIKUMA K8 is a design tailored for experienced gamers who spend many hours in gameplay, where the fate of characters is crucial. For this reason, the headphone headband has been meticulously contoured, covered with soft cushions upholstered in touch-friendly eco-leather, which also offers a pleasant texture. The ear cups on both the left and right sides of the headphones are covered with the same material - and furthermore, they are made from memory foam, resulting in an excellent fit to your head and comfortable wear, even during hours-long gaming marathons.
