The ONIKUMA M180 Pro gaming headphones

Equipped with a precision 50-millimeter neodymium magnet and an annular transducer, the ONIKUMA M180 PRO headphones deliver top-notch sound, further immersing you even deeper into virtual worlds to enjoy your next adventures and triumphs! More comfortably explore the world presented with the soft sponges on your ears that the headphones are equipped with. The 360-degree swivel will allow you to communicate efficiently with your team, and the LED backlighting will add atmosphere to your adventures.

Convenience of use

ONIKUMA M180 Pro is a real treat for advanced gamers - those sessions of several hours, during which your character's fate crystallizes, are an important thing. Hence, the headband of the headphones can be adjusted as needed, and the pads on both headphones are made of soft sponge covered with ear-pleasing eco-leather. Comfort is top-notch, even after several hours of virtual escapades.

Great sound

The ONIKUMA M180 PRO headphones feature 50-millimeter drivers, a ring driver and a 50-millimeter mega-accurate neodymium magnet, which guarantee truly great sound quality. Now your adventures will take on a new dimension, and achieving victories will be as easy as ever - there will be no more sound to catch you off guard. What's more, the M180 PROs offer exceptional synchronization of sound and image - after all, we know that sometimes winning depends on fractions of seconds.

Universality

Games, music or movies - no matter what kind of content you use your ONIKUMA M180 Pro headphones for, they'll work great. You can play Playstation, Xbox, Nintendo or PC games with them, but also listen to music or watch TV series. The headphones have a 3.5mm interface in the international standard (CTIA) and a USB interface for LED power. It comes with an adapter that has separate 3.5mm connectors for microphone and headphones.
