Tessan Wall Socket TS-324-DE

Ref: 6975799313317

Tessan Wall Socket TS-324-DE

Now you can conveniently charge and power up to 5 devices at the same time. The Tessan TS-324-DE wall outlet is equipped with one grounded AC outlet, 2 European outlets and 2 USB-A ports. It is compatible with most popular appliances and has a maximum load of 16 A. It also ensures safe use and has been designed to guarantee the greatest convenience. At the same time, it doesn't take up too much space - its dimensions are 12.3 x 5.5 x 7.8 cm.

Practical 5-in-1 socket

The TS-324-DE will make it easier for you to stay organized and save space. You no longer need to occupy several outlets to power your chosen devices! The product offers 2 European outlets, 2 USB-A ports and one grounded AC outlet, and thanks to its carefully thought-out design, you can easily plug in even several larger plugs. The distance between the two European outlets is 30 mm, and the distance between the European outlets and the AC outlet is as much as 50 mm. This way you don't have to worry that a large charger will obstruct the other outlets and prevent their use!

Safety first

The socket is made of flame-retardant plastic (protection level 94V0), making it very durable and great for use even in high temperatures. It is also distinguished by a multi-level protection system against short circuit, overheating, overcharging, overcurrent and

more. All this adds up to total safety of use.

Wide compatibility, impressive power

The product allows you to power most commonly used home appliances. It provides a power output of up to 3,600 W and can withstand a load of up to 16 A, so you can plug in your electric toothbrush, computer, and even your hair dryer or kettle without any problems. What's more, the TS-324-DE's USB-A ports support smart charging technology and provide an output current of up to 2.4 A, allowing you to charge your phone or wireless speaker in a very short time.
