Ref: 4710343794141

Computer Case Darkflash DK352 Plus with 4 fans (Black & Whi

Darkflash DK352 Plus + 4 C6 fans (White)

Assemble your dream computer without worrying about not having enough space for your components. The Darkflash DK352 Plus computer case has a spacious interior, which allows you to equip it with an ATX / M-ATX / ITX / E-ATX motherboard or a 340 mm long graphics card. It also has transparent panels that perfectly match with backlit components. You will also find 4 Darkflash C6 fans in the set.

Many possibilities

The case supports the installation of mainboard in ATX / M-ATX / ITX / E-ATX standard. What is more, it allows to equip it with a 340 mm long graphics card and a processor up to 160 mm high. It also features access to 7 expansion slots. It provides the possibility to mount 2 HDDs and 2 or 3 SSDs. With DK352 Plus you will not feel any limitations!

Transparent panels

The case features a transparent side panel made of tempered glass. This makes it a perfect match for illuminated components - also with the included fans. Opt for a combination of functionality and visual appeal to create your dream configuration!

Cooling possibilities

The C6 fans will surprise you with their easy installation and reliable operation. Each of the 4 fans is equipped with 9 blades that stand out for their carefully thought-out, aerodynamic design. They assure effective cooling of your equipment - forget about the problems with overheating.

#### Stylish RGB Backlighting

The colored backlighting of the fan blades creates a striking effect. The RGB mode can be controlled via the Reset button. Want to adjust the light to your preference? It's possible! The fan supports up to 20 fantastic lighting effects. Discover the available functions and give your computer the unique character of your dreams!
