

Tripod Mount Puluz with 20cm LED Ring Vlogging PKT3073B

Ref: 5907489605267

Tripod Mount Puluz with 20cm LED Ring Vlogging PKT3073B

LED ring lamp with phone holder

The lamp is made of energy-efficient LED beads that perfectly reflect natural colors and enhance skin tones in photographs. With 3 colors to choose from with adjustable brightness, you can quickly and easily adjust the effect of your photos according to your preference without using additional color filters. Also, with the heat dissipation feature, you don't have to worry about the lamp housing getting hot.

Wide application

The tripod from Puluz will find its use in many fields. You can take it to photography sessions in the open air. The lamp will also light up the room when you are recording live videos at home. The tripod will also be perfect when recording vlogs, taking photos for commercials or portraits. The lamp will also make a unique addition on your bedside table.

Take it with you anywhere

The tripod is compact in size and weighs very little. Plus, you can fold it up, so you can easily put it in your purse and take it for outdoor photo shoots. Thanks to the long-lasting battery, you don't have to worry about the battery draining while you're recording live. You can charge the PKT3073B using a USB cable.

Functional tripod

The tripod mount is made entirely of plastic, and the soft rubber feet will not slip on smooth surfaces. A standard ¼-inch thread allows you to attach the mount to your camera, gimbal or monopod. The tripod head swivels 360 degrees so you can set the angle that is most beneficial to you.
