

Toocki Charging Cable USB A-C, 1m, 66W (Black)

Ref: 6975600780208

Toocki Charging Cable USB A-C, 1m, 66W (Black)

Toocki USB to USB-C cable, 1m, 66W (black).

Don't have time to wait? The USB to USB-C cable from Toocki comes with up to 66W of power for extremely fast and efficient charging. Utilizing a current of 6A, it makes it easy to charge your device at the speed you've always dreamed of. The cable features a modern design and is equipped with a display that will provide you with real-time information on the charging status, giving you the confidence that your devices are charging in the right conditions.

Digital display and premium materials

The TXCT-XY01 cable is an advanced power management tool. The digital display allows you to monitor the charging process in real time, so you always know what's happening. Made of aluminum alloy and TPE, it is not only durable, but also flexible and wear-resistant. What's more, the cable has been reinforced with a braided cable to keep it tangle-free.

Wide compatibility

There's no need to have different cables for your devices. With USB to USB-C connectors, the Toocki cable is compatible with a wide range of devices - from smartphones to tablets to laptops. It supports 6A for fast charging and is equipped with a smart chip so you can safely charge equipment that requires lower amperage (4A, 5A) without worrying about damage.

Instant data transfer

With the Toocki cable, you can transfer your files at lightning speed. It supports data transfer speeds of 480 Mbps, which means it will literally take you moments to transfer a large number of photos, a larger movie, or music files.
