

Cable USB-C to USB-C Mcdodo CA-7860 1.8m (black)

Ref: 6921002678605

Cable USB-C to USB-C Mcdodo CA-7860 1.8m (black)

Mcdodo CA-7860 USB-C to USB-C PD 1.8m spring cable

Ensure convenience when charging your phone! The Mcdodo Omega spring cable is sure to make your daily use easier. It supports multiple fast charging protocols and has a maximum power of 60 watts. It also allows you to transfer data at 480 Mbps. Thanks to its springy design, it doesn't get tangled and doesn't take up much space. In addition, it is equipped with a functional LED light.

Fast charging technology

Instantly charge your smartphone and save precious time! The Mcdodo cable allows charging with up to 60 watts of power. It also supports multiple fast charging standards, including PD and QC. This will charge your Huawei P20 to 100% in as little as 1.5h. On the other hand, it will take 2.5h to charge your MacBook Pro 13" to full. You can use it to freely charge USB-C-powered phones, including the Huawei P40, Samsung S10 and iPad Pro 11.

Convenient storage

You no longer have to agonize over untangling the charging cable! Omega cable, thanks to its spring-loaded design, does not tangle. The flexible design allows you to extend the cable to as much as 1.8 m. What's more, it doesn't take up much space on a desk or table - you can even stow it in your pocket without a problem.

Practical details

You can easily find the charging cable even in the dark. The cable is equipped with a practical LED that emits a soft green light. This will allow you to easily locate the cable in your purse, backpack or a dark room.
