Ref: 6921002668804

Car Charger with FM Transmitter Mcdodo CC-6880 BT5.1, 2xUSB

Car Charger with FM Transmitter Mcdodo CC-6880 BT5.1, 2xUSB

Mcdodo car charger is a practical accessory for all owners of older cars. With its help you can not only quickly charge your smartphone, but also play music and answer an incoming call. It is equipped with 2 USB-A ports, so you will successfully renew the energy of two devices. Thanks to its universal 12-24V voltage, you can easily use it in almost any car.

### Many possibilities

The accessory offers an FM frequency range of 87.5 to 108MHz for smooth and seamless audio transmission. It also uses Bluetooth 4.2, which provides a stable wireless connection to the device with a range of up to 10 meters. This allows the charger to not only play music without unnecessary cables, but also to receive hands-free phone calls, allowing you to stay fully focused on the road.

### Thoughtful design

Thanks to its carefully thought-out design, the charger stays firmly in place, regardless of road conditions - it's not intimidated by bumps or speed bumps. It is equipped with a small display that, among other things, informs you about the current voltage in your car. It stands out for its wide compatibility, so you can use it in conjunction with iOS and Android smartphones.

### Safety of use

The charger is designed to ensure maximum safety. It has passed more than 90 safety tests, and is equipped with a number of safety features that effectively protect your device from damage. It provides protection against overcharging, overheating, short-circuits, excessive power or overcurrent, among others.
