

USB 2.0 to USB-C adapter Mcdodo OT-6970 5A

USB 2.0 to USB-C adapter Mcdodo OT-6970 5A

Ref: 6921002669702

USB 2.0 to USB-C adapter Mcdodo OT-6970.

No more worrying about compatibility issues! The Mcdodo adapter allows you to connect a cable with a USB-C connector to a charger with a USB-A port. The accessory enables lightning-fast data transfer at 480 Mbps and supports 5A fast charging. It stands out for its wide compatibility, and thanks to its small size, you can carry it with you at all times.

Fast charging and data transfer

Don't wait indefinitely for your smartphone to be ready for use again! The Mcdodo adapter supports the Quick Charge 2.0/3.0/4.0 fast charging protocol, and thanks to its 5A intensity, charging won't take long. However, that's not all! The accessory also allows you to transfer files at 480 Mbps.

Huge capabilities in a compact design

The adapter is made of durable TPE material, which guarantees incredible strength and resistance to damage. As a result, you can be sure that it will serve you for many years. Thanks to its compact dimensions (29.5 x 14.25 x 6.13 mm), you can always carry it with you. The low weight of only 3 g means that you won't even feel its presence in your pocket or bag.
