Toocki 2xUSB-C, GaN 45W mains charger (black)

Charge 2 devices at the same time with an impressive power output of up to 45W. The Toocki charger offers 2 USB-C ports, supports PD and QC3.0 fast charging protocols, and thanks to GaN technology stands out for its compact design and efficient performance.

Fast charging for 2 devices

Because the Toocki charger is equipped with 2 USB-C ports, you can save time by connecting 2 devices to it simultaneously. What's more, it intelligently adjusts the power to your equipment, ensuring efficiency and enhancing battery safety. Its maximum power reaches up to 45 watts, and support for PD3.0, PPS, QC3.0, SCP, FCP, AFC, APPLE2.4 and BC1.2 fast charging protocols is a guarantee of satisfactory results.

Smaller size, increased performance

In designing the Toocki charger, GaN technology was used. It made it possible to reduce the size of the device while improving heat distribution and enhancing performance. As a result, you can enjoy convenience and fast charging.

Compatible with multiple devices

You no longer need to equip yourself with several chargers to charge your equipment. Toocki's product shows wide compatibility with a

variety of devices, such as tablets, iPhones and phones from Samsung and Huawei brands.

Taking care of your equipment

Every effort has been made to ensure your valuable devices are as safe as possible. The Toocki charger guarantees protection against, among other things, excessive power, overheating, overcharging, short circuit or overvoltage and overcurrent. This allows you to renew the energy of your equipment without worry.

Take it almost anywhere

The wide input voltage range of AC 100-240V meets the standards of most countries and regions in the world, so you can use the charger anywhere.
